SIR,

In reply to your letter No. 4306/Ml. 130-15-4 dated the 14th December 1915, regarding the tombs in front of Mr.P Ananda Rao's Bungalow on the Ilawal Road, I have the honour to state that the petitioner Ahamud Sha referred to therein, has no land anywhere near the tombs, belonging to him to be enclosed by a compound wall, as the whole of the site including the space on which the tombs stand was acquired by the Trust Board and compensation paid for the same to the persons found to be entitled thereto in the year 1907. The superstructure of the tombs ~~consist~~ consists merely of earth formed into mounds of the form of a tomb and as such has no appreciable monitary value.

It does not therefore seem desirable to permit the petitioner Ahamud Sha either to enclose any portion of the Trust land or to raise canopies over the tombs as they also stand on Trust land With a view however to improve the appearance of the place, a neat compound wall may be built at the cost of the Board, just enclosing the tombs. If this suggestion is approved further action will be taken to have the work carried out Access may be given to Ahamud Sha or others interested in the tombs to maintain them or to perform any religious rites in connection therewith on occassions. If possible even this should be
